Detailed Action

This office action is in response to the correspondence received on May 28, 2009.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 35-47 and 49-84 are rejected under 35 U.S.C. 101 because the claims are not limited to tangible embodiments since they do not claim physical articles or objects as part of the claims to establish a statutory category as a machine or manufacture, and they are clearly not to a process or composition of matter. As such, the above claims are not limited to statutory subject matter and are, therefore, non-statutory. Hence, in order to overcome this *35 USC § 101* rejection, the above claims need to be amended to include hardware.

Allowable Subject Matter

Claims 85-96 are allowed.
